STEPS UNDER TAKING AFTER FEEDBACK RESPONSES (ACTION TAKEN)

- ❖ Students' appreciation on delivery of curriculum by teachers and completion of course in time even during the pandemic period, motivated the college faculty members and the same pattern and delivery mechanism would be continued. Further, it was also decided that new online platforms would be undertaken.
- ❖ Almost 99% of the Alumni were satisfied with the performance of the faculty members. It is indeed a very good sign for the college, so considering this practice as an appreciation the college continued to conduct large number of academic programmes such as research methodology workshops, seminars, conferences etc. to uplift the performance of faculty members.

- ❖ The college administration always used to encourage all the faculty members to participate in various academic activities such as international conferences, seminars, workshops etc. to further inculcate the current global competition.
- ❖ About 20% of the respondents were not satisfied with the placement facilities provided by the college. In order to resolve this problem, the college administration reconstituted a 'placement committee' consisting of some senior most faculty members. The committee has been asked to interact with the corporate members, entrepreneurs and our alumni's so as to promote both kinds of placements i.e., online and offline placements of our college.
- ❖ Considering the remark about hostel facilities provided by the college, the administration is making a proposal to construct a hostel near the new building of the college. Once the proposal is finalized by UGC, the problem regarding hostel will get resolved.
- ❖ The feedback regarding library facility, infrastructure and lab facilities provided by the college was highly satisfactory, still the college administration always takes prompt and immediate steps to rectify/ resolve any problem, if any. More books related to syllabus, latest journals, magazines etc. are purchased by the college administration on regular basis. As such, Labs are equipped with computers, podiums, air conditioners etc. but they are updated with latest configurations/ technologies, Wi-fi facilities etc. on regular basis.
