Lane No.-16 Ravindrapuri (Near Prime-Minister's Office), Varanasi - 221005  
Mob. : 8756837310, 7880893030

The following Collaborative Activities were conducted under the MOU between DAV P.G. College, Varanasi and **The Ravi Neuro Psychiatry Centre, Varanasi** in the Academic session **2018-19**:

## Detox Training

Detox, or detoxification, is the process by which the body is purged of harmful substances so that the patient can start treatment sober and with a "clean slate." Medical staff guide the patient through withdrawal to make the process is as safe and comfortable as possible. In many cases, addiction treatment medication will be prescribed to help patient's successfully complete detox.
