In a bid to enhance quality in higher education and foster inter-institutional collaboration, the Coordinator of the Internal Quality Assurance Cell (IQAC) paid an official visit to the prestigious Miranda House College, University of Delhi. The visit was organized under the Memorandum of Understanding (MoU) previously signed between the two institutions.

During the visit, the IQAC Coordinator held a high-level meeting with the administrative and academic team of Miranda House. The primary objective of the meeting was to draft a framework on various subjects related to academic exchange, promotion of quality standards, and institutional development between both institutions.

Key Highlights of the Meeting:

- **Academic and Research Collaboration:** Both institutions agreed on promoting Faculty Development Programs and Joint Research Projects.
- **Curriculum and Quality Enhancement:** Discussions were held on quality teaching, evaluation methods, and the use of digital learning resources in line with the guidelines of the National Assessment and Accreditation Council (NAAC) and IQAC.
- **Student Exchange Programs:** Under the MoU, discussions took place regarding conducting knowledge-sharing sessions, workshops, and short-term exchange programs for students of both institutions.
- **Sharing Best Practices:** Special emphasis was placed on sharing best practices related to the teaching-learning process, student support systems, and institutional management.

At the conclusion of the meeting, the IQAC Coordinator appreciated Miranda House's academic excellence and commitment to quality education. Both sides expressed agreement on further strengthening this partnership and implementing joint workshops and academic initiatives in the coming days.
